

Jan Garrett

Deputy Director
Pacific ADA Center

Jan Garrett serves as the Deputy Director of ADA Programs for the Pacific ADA Center at the Public Health Institute (PHI). She has over 25 years of experience providing guidance and training on the ADA and other disability rights laws for businesses, state and local governments, emergency management professionals, architects, people with disabilities, and others.

As a person with a lived experience of disability who uses a wheelchair, Jan has a deeply personal understanding of why disability civil rights are so important.
