## PRESIDENT'S MESSAGE

The International Association of Emergency Managers (IAEM) and IAEM Canada share the same values; to advance the profession by promoting the principles of emergency management; to serve its members by providing information, networking and professional development opportunities; and to advance the emergency management profession.

IAEM Canada takes these values seriously and promotes each one on the behalf of all our members.

The creation of geographical Regions across our nation is one way that IAEM Canada can adhere to these values by reducing the span of information flow across the country and represent regional emergency management considerations at the national level.

### 1.2 IAEM Canada Board of Directors

The IAEM Canada Board of Directors is the core of the Canadian Council and is comprised of two groups – the Executive and the Directors. The Executive are elected members including the President, Vice President, Secretary and Treasurer and the position of succession, the Immediate Past President, while the Directors are appointed members by the IAEM-Canada President. Collectively, these two groups represent the Canadian interest at the global level.

### 1.3 IAEM Canada Board of Directors’ Role and Responsibilities

The IAEM Canada Board of Directors is the principal governing body of IAEM Canada Council and its role is (1) to provide leadership within the mandate of their realm and (2) to manage the activities of IAEM-Canada for the benefit of its membership.

They are responsible for the following tasks.

- ✓ Establish strategic policy and oversee programs and activities
- ✓ Represent and serve members of IAEM-Canada
- ✓ Facilitate two-way communication with the membership and its Regions
- ✓ Actively work to both recruit and retain members
- ✓ Appoint and support national, regional and chapter representatives
- ✓ Ensure that IAEM-Canada Bylaws and Administrative Policies and Procedures (APP) are implemented.

### 1.4 Region Board of Directors

IAEM-Canada Council may be geographically divided into regions as sub-units of the Council. Each Region is represented by its own Executive comprised of an elected President, Vice President, Secretary and Treasurer.

The role of a Region includes: (1) providing leadership to its regional members, (2) representing its membership to IAEM-Canada Council and (3) managing activities in support of IAEM-Canada Council’s mandate. These roles are accomplished by conducting the following primary responsibilities:

- ✓ Represent regional emergency management considerations at the national level
- ✓ Abide by IAEM-Canada Council bylaws and APP

The Region President serves on the IAEM Canada Board of Directors as a voting member to represent the Region on the national level.

## 1.5 Chapter Representatives

A chapter under IAEM-Canada Council may be established under one of the following three conditions:

- (1) A Region has not yet been established,
- (2) A Region believes that a subdivision(s) of its geographical area will benefit its members and promote growth and/or
- (3) An existing Canadian emergency management organization or association wishes to achieve the benefits of an IAEM-Canada membership.

Each chapter will be represented by its own Executive Committee comprised of an elected President, Vice President, Secretary and Treasurer, and has the role of promoting the profession nationally as well as providing opportunities for its members. Chapters are accountable directly to the geographic Region if one exists, or directly to IAEM-Canada Board of Directors if a Region for that geographic location has not yet been established.

The President sits on the IAEM Canada Board of Directors as a non-voting member.

## 2.0 REGION ESTABLISHMENT

### 2.1 Overview

To enhance the span of information flow across the country, a region “*may be formed when a geographic area reaches more than seven (7) members in good standing, entitling them to a seat on IAEM-Canada Board of Directors*” (IAEM-Canada Bylaws, Section 4.2).

In Canada, there are seven (7) possible regions including:

1. British Columbia
2. Alberta
3. Prairie (including Saskatchewan and Manitoba)
4. Ontario
5. Québec
6. Atlantic (including New Brunswick, Newfoundland and Labrador, Nova Scotia and Prince Edward Island)
7. Northern (including Northwest Territories, Nunavut and Yukon)

### 2.2 Establishment of a Region

When seven (7) or more IAEM-Canada members wish to organize themselves into a region, the following process will assure their success.

No activities or transactions may be undertaken in the name of the new Region until the new body has been recognised by Council. Creation of a new Region from within an existing Region can only take place with the majority support of that Region and the Council.

#### Step 1 Letter of Intention

A letter of intention requesting to form a region must be written and electronically submitted by a member to the President of IAEM-Canada. A sample is included in section 2.3. A Terms of Reference must also be completed and submitted at the time of the request.

Action 1 The President shall acknowledge receipt of this request and indicate to the sender when it will be included in the agenda of the Board of Directors’ meeting for Board approval.

Action 2 On completion of the IAEM Canada Board meeting, the President shall email the sender with the Board’s approval If supported and approved by the Board of Directors, steps 2 to

4 are to be completed to finalize the request to form a new region.

**Step 2 Selection of Interim Region Executive Committee**

An interim region Executive Committee comprised of a President, Vice President, Secretary and Treasurer (the latter two positions can be combined as one) will be selected among the members of the new region until these positions are formally nominated and elected by the region’s membership. Once selected, the following actions must be completed.

Action 1 Notify by email both the IAEM-Canada President and Secretary of the interim region Executive Committee, providing contact information (including emails and phone numbers) for all members of this committee.

Action 2 The IAEM-Canada Board will ratify the submission of names for this committee at their next Board of Directors’ meeting. The interim President will be advised by the IAEM-Canada President once ratified.

Action 3 The IAEM-Canada Board Secretary will then email the interim President a contact list of all Council members to facilitate future correspondences as required.

Action 4 The interim President will prepare and send an email notifying the region’s membership that the formation of a Region has been approved by the IAEM-Canada Board as well as identifying who sits as members of the interim Region Executive Committee.

**Step 3 Election of Region Executive Committee**

Once the interim region Executive Committee has received notice of ratification, the following actions are to be taken.

Action 1 Each member of the interim region Executive Committee must prepare a biography of no more than 500 words which will serve to let the region’s membership know what the candidate’s expertise and experience are.

Annual	March 8, 2019	0	Director of Governance	CAN-PR-02	9

- Action 2 As well, each member of the interim region Executive Committee must prepare a candidate statement of no more than 500 words which will serve to let the region’s membership know why they should vote for this particular candidate to serve as a member of the region’s Executive Committee.
  
- Action 3 When all biographies and candidate statements are completed, the interim President will email them – along with a photo of each candidate – to the Director of Communications and Marketing.
  
- Action 4 S/he will acknowledge receipt of such documents and post all candidates’ information on the IAEM-Canada website.
  
- Action 5 Once Action 4 is completed, the Secretary will ask IAEM-Global to establish a voting platform for the membership to vote for their region Executive Committee.
  
- Action 6 IAEM-Global will coordinate the election process. This process will be between 10-21 days as determined by the IAEM Canada President. The membership will be informed that the elections are open for voting and IAEM-Global will collect the results of the vote.
  
- Action 7 Once the results are tabulated, they will advise the IAEM-Canada President of the final results of the vote.
  
- Action 8 The President will then advise the interim Region Executive Committee of the results, and they are now in a position to conduct the region’s activities as an elected region Executive Committee.
  
- Action 9 The Secretary will establish the Region’s webpage where regional content can be posted by the Region Executive Committee. Once created, the Secretary will advise the region’s President.
  
- Action 10 The last action in Step 3 will be conducted by the Director of Communications and Marketing who will post the region Executive Committee’s biographies and photos on the region’s

Action 2 As well, the region Executive Committee must prepare a budget and electronically submit it the IAEM-Canada President for review and approval. As required, the Treasurer is available for consultation to complete this action.

Action 3 Once approved by the Board, the Treasurer will advise the region's President.

Action 4 Preparation for the region's first AGM must now be attended to by the region Executive Committee. The following information will be required by both the Secretary and Director of Communications and Marketing who will place it on the IAEM-Canada website:

Suggested communications strategies include a newsletter, group email, or social media post with region specific information. This information can be sent to IAEM-Canada Marketing and Communication Committee for inclusion in the National Newsletter or can be distributed locally to region specific membership.

**5.5 Regional Messaging**

IAEM Canada Regions should provide regular communications with IAEM Canada membership in the region.
