

DMP117 - Public Works Emergency Management and Continuity Planning

June 8th from 3:00pm-4:00pm ET

Presented by: TEEEX

Course Description: This webinar will provide Public Work Agencies with awareness level information on emergency management and continuity planning. The presenter will apply current and up to date information for Public Work staff that will help make sure Public Work Agencies are better prepared to handle any unintended consequences of COVID-19.

The class will be delivered on a WebEx platform and TEEEX will provide the login information prior to the class.

Pre-registration is required through IAEM. Students will also need to complete the process of registering for the class with TEEEX by COB June 3rd, please go to:
