

IAEM REPOSITORY FACT SHEET RELEASE

The International Association of Emergency Managers (IAEM) has initiated an effort to review select research and make it easily available to Emergency Management practitioners. Your research has been selected. A basic "Fact Sheet" highlighting this research to practice effort has been created to focus on key elements which may be particularly pertinent to the Emergency Management community.

The Fact Sheet will be published on the IAEM Resource page and open to all members of the Emergency Management community. Prior to it being published, we wanted to share the Fact Sheet with you. You will need to return this release within 3 weeks to verify we can use the Fact Sheet as written or if you have edits you would like made. Please notify the Fact Sheet Author by completing the form below and returning it by the specified date.
