A. BOARD OF DIRECTORS, JOB DUTIES

The Association is governed by a Board of Directors. The IAEM Board is comprised of representatives of the Councils as defined in Section VIII COUNCILS.

- 1) Establish IAEM strategic policy and oversee IAEM programs and activities as a member of the Board.
- 2) Elect officers: a Chairman of the Board, Business Director, Membership & Marketing Director, Communications Director and Professional Standards Director.
- 3) Represent and serve members within the respective Council areas. This includes participation in IAEM Board calls and two annual in-person meetings.
- 4) Facilitate IAEM programs and priorities by way of routine communications from their Councils to their regions and chapters involving members to accomplish the IAEM Vision, Mission and Key Results Areas.
- 5) Actively work to retain current members by reinforcing IAEM benefits, and recruit new members.
- 6) Support the Councils, their Regions and Chapters.
- 7) Ensure that Council bylaws are implemented.

If it is determined that a director is unable to fulfill job duties, the IAEM Chairman of the Board will declare the vacancy and will ensure that it is filled in accordance with IAEM Bylaws Article IV, Section 6. For purposes of job duty #3, two unexcused absences constitute an inability to participate. An absence may be excused by communicating with IAEM headquarters. Every attempt should be made to arrange an alternate representative.

II. ADMINISTRATION

A. ADMINISTRATIVE MANAGEMENT

The Association shall retain an association management firm to perform the administrative and management functions required for the effective and efficient continued operation of the Association. This firm shall provide the Association's staff including Chief Executive Officer and shall be directly responsible to the Strategic Management Group and, thereby, the Association membership as a whole. In accordance with contractual agreement, the staff may provide daily administrative functions of the organization, fiduciary accountability, coordination of meetings and exhibits, government relations services, membership promotion, membership services, public relations communications, and other tasks as required by the contract.

In addition to association management services, the Association may retain professional services for such activities as financial auditing, legal counsel, legislative assistance or other specific tasks. Such consultants shall answer to the Chief Executive Officer.

Any contact with agents as outlined above shall be only with the authorization of the Chairman of the Board or the IAEM Board and in cooperation with the management firm.

B. FISCAL MANAGEMENT

1. GENERAL

It is the policy of the Association to adhere to sound fiscal practices and to administer its affairs in such a manner as to ensure fiscal solvency.

The Chief Executive Officer administers the fiscal policies as set by the Board of Directors and is responsible for the maintenance of adequate and appropriate records for the receipt and expenditure of all funds.

The Business Director is responsible to the members for verifying that the financial records of the Association are

maintained and that the fiscal guidelines are followed. Specific tasks include an Annual Report to the membership on the general fiscal condition of the Association and finance reports to the Board of Directors at least quarterly.

All Association funds shall be disbursed on official Association checks from approved bank accounts.

Officers and agents of the Association are entitled to reimbursement for expenses incurred on behalf of the Association only under the following conditions:

- 1) the person is authorized to make the expenditure by the Chair, Business Director or Chief Executive Officer;
- 2) the expenditure is within annual budgeted levels for the applicable line item;
- 3) the request is eligible under the administrative guidelines of the Association;
- 4) there are sufficient funds to cover the expense.

Requests for reimbursement should be submitted to the Chief Executive Officer, together with appropriate documentation within 30 days of the expenditure. Requests for reimbursement of travel expenses shall be accompanied by a trip report.

2. BUDGET

The Association shall develop, approve and adhere to a reasonable budget that shall be adopted annually by the Board of Directors. The Strategic Management Group has the authority to re-program funds within the budget.

The draft budget shall indicate all major categories and subordinate line items of anticipated revenues and expenses. A description of reserve funds and forecast of changes in financial position shall also be provided annually.

Final approval of the budget by the Board of Directors shall take place at least 30 days prior to the commencement of the new fiscal year.

3. TRAVEL EXPENSES

Councils will define the travel expense reimbursement policy for travel incurred within the Councils. The Chief Executive Officer will establish and publish the travel expense reimbursement policy for Board travel.

4. FUNDING TO COUNCILS

The Association will provide funding to the Councils from the apportioned amount of the membership dues collected. Councils operations may be reimbursed on an as-needed basis if Council funds are deposited into the central IAEM Account. Councils are free to establish their own bank accounts in the name of their Council i.e. IAEM USA. In doing so they will be responsible for all local tax issues relating to that account.

Examples of appropriate use of the Council funding includes travel for the Council Board to conduct IAEM business and promote IAEM membership, and support for regionally-organised activities, meetings and communications.

5. FUNDING TO IAEM

When Councils collect dues on behalf of IAEM, funds and member records will be remitted to IAEM from the apportioned amount of the membership dues, within 30 days of receipt. All new membership applications will be processed and sent to IAEM Headquarters within five (5) days of receipt.

C. CORRESPONDENCE & COMMUNICATIONS

1. GENERAL

Only the IAEM officers and authorized agents may communicate on behalf of IAEM. The Association must assure that the concerns of its membership are answered in a timely fashion. The CEO will maintain a file on official correspondence.

IAEM Global Business is conducted in English.

Copies of official correspondence shall be provided to IAEM headquarters.

2. MINUTES

Accurate minutes of all Association meetings shall be made and forwarded to the CEO for retention.

These records shall be available to members upon request. The Business Director is responsible for the accuracy of Board meeting minutes and the Board shall approve all minutes with corrections. Association minutes shall include attendees at the meeting, major discussion points, motions made and votes taken.

The Secretary at Council, Regional or Chapter meetings is responsible for the accuracy of all meeting minutes and shall assure that the minutes are forwarded to the Headquarters office for official retention. 3. POLICY STATEMENTS

From time to time, the Association may issue statements on pertinent public policy issues. The Board of Directors may formally identify issues and adopt a policy, may refer the matter to an existing or special committee for deliberation and investigation, or may vote to not endorse any policy on the issue.

A consensus of the Board of Directors is required for the dissemination of an official position paper.

The CEO will maintain a log for tracking and locating such papers.

Any member aware of issues affecting the Association and its membership should forward such information to a member of the Board of Directors.

When the Board of Directors adopts a policy, the CEO, the Chairman of the Board, or Communications Director or their designees may respond to official inquiries.

STANDARDS OF BEHAVIOR and IAEM CODE OF PROFESSIONAL CONDUCT

1) **Complaints**

The PSD may exercise his or her reasonable discretion in refusing to accept a complaint he or she in good faith deems frivolous, retaliatory or harassing in nature, or unrelated to the IAEM Code of Professional Conduct and/or Bylaws. The PSD shall create and maintain a file on each complaint received and be responsible for providing the complaining party with written acknowledgment of receipt of the claim. The PSD shall provide written notice and a copy of the complaint to the IAEM Chief Staff Executive, the President of the IAEM Board of Directors and the IAEM Professional Standards Hearing Panel ("PS Hearing Panel"). The PS Hearing Panel shall be comprised of not less than five (5) and not more than seven (7) IAEM member volunteers each holding CEM designations. The President and the Board will endeavor to achieve broad representation on the Hearing Panel from the US Regions and geographic Councils of the Association. The PS Hearing Panel shall be charged with hearing member disciplinary matters involving conduct described in Article III, Section 5 of the IAEM Bylaws, or which is alleged to be in violation of the Association's Code of Professional Conduct and/or Bylaws. Hearing Panel members shall be appointed to serve two (2) year terms and may serve no more than two (2) consecutive terms. Either party (candidate or Hearing Panel member) may raise objection if there is a bias prior to the hearing.

1. CODE OF PROFESSIONAL CONDUCT

PREAMBLE

IAEM has a Code of Professional Conduct that seeks to address a range of issues that impact the emergency management professional on their day-to-day work. Maintenance of public trust and confidence is central to the effectiveness of the Emergency Management Profession. This Code aims to ensure and justify public trust and confidence in the services provided by members of the International Associations of Emergency Managers (IAEM). It seeks to ensure that high levels of competence and professional conduct are maintained.

The members of the International Association of Emergency Managers (IAEM) adhere to the highest standards of ethical and professional conduct. The Code of Professional Conduct for the IAEM members and Certified Emergency Managers® (whether or not they are IAEM members) reflects the spirit and proper conduct dictated by the conscience of society and commitment to the well-being of all.

PRINCIPLES

The members of the Association agree to conduct themselves in accordance with the basic principles of **RESPECT**, **COMMITMENT**, and **PROFESSIONALISM**.

RESPECT

Respect for supervising officials, colleagues, associates, and most importantly, for the people we serve is the standard for IAEM members. We comply with all laws and regulations applicable to our purpose and position, and responsibly and impartially apply them to all concerned. We respect fiscal resources by evaluating organizational decisions to provide the best service or product at a minimal cost without sacrificing quality.

COMMITMENT

IAEM members commit themselves to promoting decisions that engender trust and those we serve. We commit to continuous improvement by fairly administering the affairs of our positions, by fostering honest and trustworthy relationships, and by striving for impeccable accuracy and clarity in what we say or write. We commit to enhancing stewardship of resources and the caliber of service we deliver while striving to improve the quality of life in the

community we serve.

PROFESSIONALISM

IAEM is an organization that actively promotes professionalism to ensure public confidence in Emergency Management. Our reputations are built on the faithful discharge of our duties. Our professionalism is founded on Education, Safety and Protection of Life and Property.

CODE

1. Quality:
Members shall aim to maintain high quality work at all times and apply the 'Principles of Emergency Management'¹ in their professional undertakings. Quality may be assessed by audits, monitoring, quality processes, or other appropriate means.

2. Professional Independence
IAEM Members, however employed, owe a primary loyalty to the people in the community they serve and the environment they affect. Their practice should be performed according to high standards and ethical principles, maintaining respect for human dignity. Emergency management practitioners shall seek to ensure professional independence in the execution of their functions. The term professional independence relates to the function of the practitioners within the organisation in which they practice. Their role may be advisory or executive.

3. Legal Requirements
Members must abide by the legal requirements relating to their practice, and practitioners have a duty to make themselves aware of the appropriate legal requirements for the territory in which they practice.

4. Objectivity
Members called to give an opinion in their professional capacity shall be honest and, to the best of their ability, objective and reliable. Objectivity and reliability is based on the best current available knowledge, or in the absence of such knowledge, reference to appropriate emergency planning and management principles.

5. Competence
Members shall not undertake responsibilities as emergency management practitioners if they do not believe themselves competent to discharge them. Members shall acknowledge any limitations in their own competence. In pursuit of this members shall take all reasonable steps to obtain, maintain and develop their professional competence by attention to new developments and shall encourage others working under their supervision to do so.

Competence is defined as 'the possession of sufficient knowledge, experience and skill to enable a person to know what he or she is doing and to be able to carry out a task in the way in which a person competent in the activity would expect it to be done and to have an appreciation of one's own limitations'. Competence is maintained by undertaking continuing professional development and certification (CEM®) and may be supplemented at appropriate levels by membership of other specialist bodies.

6. Abuse of Membership
Members shall not improperly use their membership of IAEM for commercial or personal gain.

7. Conflict of Interest
Members shall avoid their professional judgment being influenced by any conflict of interest and shall inform their employer, or client, of any conflict between their own personal interest and service to the

¹ <http://www.iaem.com/publications/Reports.htm>

relevant party. For example, a consultant may be aware that his/her recommendations are not being implemented, but continues to advise the organisation in order to avoid losing the revenue associated with the contract. The members, officers and agents of the Association shall act in the best interest of the Association at all times and shall avoid activities resulting in actual or implied personal gain in keeping with the highest standards of ethics and professionalism.

8. Confidentiality

Members shall not improperly disclose any information which may reasonably be considered to be prejudicial to the business of any present or past employer or client.

9. Professional Responsibility

Members shall accept professional responsibility for all their work and shall take all reasonable steps to ensure that persons working under their authority or supervision are competent to carry out the tasks assigned to them; are treated with fairness and equal opportunity; and accept responsibility for the work done on the authority delegated by them.

Where members have good reason to believe that their professional advice is not being followed, they shall take all reasonable steps to ensure that persons overruling or neglecting their advice are made aware of the potential adverse consequences which may result. In such instances it is advisable that such actions are recorded in writing.

10. Upholding the Aims and Objectives

Members shall have regard to the reputation and good standing of The Society, other members' professional practice and standards, and shall not knowingly bring them into disrepute. Disrepute amounts to the loss of a previously good reputation. It may arise from the conduct of a member who by act or omission lowers the professional reputation of The Association and its members in the view of right thinking members of The Association generally. At all times members shall seek to uphold the bylaws and APPs of the IAEM.

11. Professional Reputation

Members shall not in the course of their practice recklessly or maliciously injure, or attempt to injure, whether directly or indirectly, the professional reputation, prospects or business of another.

12. Members Relations Inter Se

Members shall at all times treat other members of the Association with the utmost respect and fairness, and at no time undermine their integrity and dignity. Members will at all times seek to work in a cooperative and productive way with each other.

Elected representatives have a particular responsibility in this regard; to ensure that all members and their views are heard, valued, and respected

B. Council Operations

Each Council is operated as a sub-unit of the International organisation. They elect a President who serves on the IAEM Board, and has administrative and fiduciary responsibility to the IAEM Board. They will select additional Board members dependent upon the seats allocated.

When a region undertakes to become a Council, the body needs to be approved by the IAEM Board.

When requesting such recognition they must submit a constitution for the new Council that formally adopts the IAEM Bylaws and demonstrates compliance with the APP's. The request must be supported by nominations for election to the post of President, Vice President, Secretary and Treasurer of the new Council that will be put to the new Councils members once it has been recognised by the Board. The Membership Committee can assist new Councils with this procedure.

No activities or transactions may be undertaken in the name of the new Council until the new body has been recognised by the IAEM Board. All development activities of a new Council must take place under the title and management structure of the IAEM Board.

Each Council shall formally adopt Bylaws that at a minimum do not conflict with the Bylaws or Policies and Procedures of the Association.

Finances

- Each Council may determine the appropriate methods for funding Council and Regional operations, but shall report financial status to the Association headquarters.
- Each Council has the authority to establish a bank account in the name of the "IAEM 'Council Name.'"
- Each Council shall formally adopt Financial Procedures which, at a minimum, do not conflict with the financial reporting and filing procedures of the Association. Each Council shall follow good accounting practices, shall document all income and expenditures and shall conduct an annual audit of the account in accordance with the guidelines established by the International Office.
- Any income earned in the Association's name within a Council will be controlled by that Council, however, financial records must be provided to the International organisation as prescribed by the IRS.
- IAEM headquarters maintains accounts apportioned to each council and to each fund. Expenses incurred within the councils may be reimbursed on an as-needed basis, or paid directly as authorized by council treasurers or presidents.
- A Regional/Council Finance Report Form (a Chapter Annual Report for student chapters) including copies of any bank statements must be submitted to headquarters by the treasurer or president for IRS filing by 30 June each year for 1 June-31 May of the previous year for distribution to the Board of Directors.
- Funds will be dispersed upon request of the council president. Examples of appropriate use of funds include travel for council leadership to conduct IAEM business and promote IAEM membership, support for activities organized within the council/region/chapter, meetings and communications.
- IAEM headquarters forwards monthly finance reports to the council treasurers and presidents.
- Student Regions for Canada, Oceania and USA receive their \$10/member allotment based on their member count on 31 May each year. This forms the basis of their student regional annual budget and must be used within the year and do not accrue. Unused funds may be carried over for a specific purpose with authorization prior to the end of the fiscal year 31 May. The student region treasurer or president must submit a written carry-over request to their geographic council president/treasurer and CEO prior to the conclusion of the fiscal year, clearly describing the amount to be carried over and the purpose. Otherwise, unused funds revert to the geographic council.
- Funds can accumulate year-to-year for the International Development Fund (\$3) and \$10 dues allotments generated by dues payments from students who do not have a formal student regional structure (Asia, LATAM, Europa and International). These funds accumulate for the purpose of generating enough resources to support standing up a student structure in their council. The Global Board will review and

approve allocations for these accumulated funds annually.

IX. REGIONS

A. Definition

- a) A Council may be geographically divided into regions. New regions may be formed when a geographic area, (perhaps, but not necessarily a country), reaches more than 75 members which would entitle them to a seat on their respective Council. When 75 or more IAEM members undertake to support a newly formed Region, which is defined by a geographical boundary and is a viable body of IAEM membership; they are required to request that the IAEM Council recognize the establishment of the new Region.

When requesting such recognition they must submit a constitution for the new Region that formally adopts the IAEM Bylaws and demonstrates compliance with the APPs. The request must be supported by nominations for election to the post of President, Vice President and Secretary of the new Region that will be put to the new Region’s members once it has been recognized by the Board. The Membership & Marketing WG can assist new Regions with this procedure.

No activities or transactions may be undertaken in the name of the new Region until the new body has been recognized by the IAEM Board. All development activities of a new Region must take place under the title and management structure of the Region that the 75 members are seeking to separate from. Creation of a new Region from within an existing Region can only take place with the majority support of that Region and the IAEM Board of Directors.

Each Region shall formally adopt Bylaws which, at a minimum, do not conflict with the Bylaws or Policies and Procedures of the Association.

Finances

- Each Region will use methods for funding operations as prescribed by the Council, and shall report financial status to both the Council and the Association headquarters.
- Each Region shall formally adopt Financial Procedures which, at a minimum, do not conflict with the financial reporting and filing procedures of the Association.
