

MUNICIPAL EMERGENCY MANAGEMENT CAUCUS

Purpose

The IAEM-USA **Municipal EM Caucus** represents and advocates for municipal emergency management agencies (and consolidated local government organizations). The Caucus supports development of programs for these agencies at the state, federal and international levels.

Accomplishments

- **Established 2022**
- **Provides a national forum for municipal emergency managers to network and collaborate on issues that are unique to jurisdictions and political subdivisions within counties.**

- Developed a membership survey that is being adopted by the organization for general membership.
- FEMA recognized the value of the survey and is working with IAEM to incorporate survey language from our survey into theirs to determine the most pressing issues facing EM.
- Active participation with the IAEM Membership and Legislative Affairs Committees.
