

## **MGT 481 Disaster Recovery: A Strategic Overview of the Public Assistance Process**

MUST be a U.S. Citizen per U.S. DHS rules or properly vetted through DHS.

Pre-Registration Required with IAEM and separately with TEEEX

Registrants will receive a separate URL link from TEEEX to access this training outside the IAEM virtual conference platform.

CEUs: .4 IACET

Sponsoring Organization: TEEEX

This Disaster Recovery course provides a strategic overview of the FEMA Public Assistance Process that is essential to disaster recovery for local communities. The FEMA Public Assistance Process provides funding for local governments and eligible Private Non-Profit organizations to conduct effective long-term recovery. Unfortunately, many jurisdictions do not have a good understanding of this process and thereby fail to obtain, and retain, all the recovery revenue the community is eligible for. This course will provide senior leaders and staff planners with the key elements, milestones, and pitfalls to avoid when guiding a local jurisdiction's recovery plans and operations.

Topics:

- Overview of the FEMA public assistance program
- Pre-disaster recovery planning
- Key milestones and pitfalls in recovery operations
- Best practices for local jurisdictions and partners

A FEMA Student Identification (SID) number is required. Obtain your SID at <https://cdp.dhs.gov/FEMASID>

4 hrs.: Fri. 4/19, 1:00pm – 5:00pm

Minimum Participation 10, Maximum Participation 50

It is recommended, but not required, participants complete the Disaster Recovery Awareness (AWR408) Online Course (1 hour)
