COMMUNICATIONS

In 2018–2019, the Communications and Marketing Committee has been improving the methods to which IAEM Canada delivers its content to its Membership.

The IAEM Website (www.iaem.org) features home pages for each IAEM Council and displays the extent of IAEM activities, advocacy, and influence. Online resources continue to grow.

The IAEM Canada Conference Microsite (<https://www.iaem.org/council/canada/home>) continues to provide one portal for all IAEM Canada conference information.

The IAEM presence on social media includes active, professional use of FLinkedIn, YouTube, Twitter, and discussion boards. Traffic has drastically increased on our LinkedIn and Twitter Platforms this year from across the globe.

The IAEM *Communique* is a monthly email newsletter and was launched September 2017. It is unique to Canada — only IAEM members and features updates, trends, and news on the emergency management profession in Canada. It also highlights professional development, conference listings and networking opportunities in various communities across Canada and abroad. We have delivered seven issues to date.

The IAEM *Dispatch* (www.iaemdispatch.com) continues as IAEM's, international weekly e-newsletter sent to IAEM members and other interested subscribers, now totaling almost 15,000 EM professionals across the globe.

The IAEM *Bulletin* is a monthly, international IAEM members-only newsletter (www.iaem.com/Bulletin) and online publication including feature articles covering issues of a wide scope to reflect the diversity of IAEM membership and began its 35th year of publication in 2018.
