IAEM Board Business Heading into 2012...

The IAEM Executive Committee (the elected officers and one representative from the Regional Presidents) will be meeting in January with the Association’s staff to review the contract for the Association’s staff support. The current contract has been in place since 2006 and is set to expire in 2012. The Executive Committee is charged with benchmarking other association contracts for opportunities to improve our operations and with ensuring the very best outcome for the membership as served by the contract and the Association Staff. Stay tuned.

FYI, I was selected by the other Regional Presidents to represent them on the Executive Committee.
 -Marty

The conference schedule currently under discussion looks like this:

- 2012 – Orlando, FL
- 2013 – Reno, NV
- 2014 – TBD – will not be back in Las Vegas.

The IAEM Board still meets via teleconference, monthly. Regional Presidents are provided an opportunity to submit information only items in advance. Those items are distributed in the agenda packet electronically the week before the meeting. Requests for Board action must be submitted by the Regional Presidents by the first of each month, or they will not be considered until the following month. This timeline makes it necessary for Regional member requests for action to be received by the Regional President prior to the first of the month. For our purposes this year, I would ask that you forward specific requests for IAEM Board action to Mike Gavin and I by the 25th day of the month so we might work to ensure they are appropriately placed on the Board Agenda in time.
