POSITION PAPERS

From time to time, the Association may issue position papers on pertinent public policy issues. The Board of Directors may formally identify issues and adopt a policy, may refer the matter to an existing or special committee for deliberation and investigation, or may vote to not endorse any policy on the issue.

Any member aware of issues affecting the Association and its membership should forward such information to a member of the Board of Directors.

A majority vote of the Board of Directors is required for the dissemination of an official position paper.

CEM APPLICANTS AND MENTORS

IAEM created the Certified Emergency Manager and Associate Emergency Manager Programs to raise and maintain professional standards. It is an internationally recognized program that certifies achievements within the emergency management profession. Interested in joining me this year in assembling your application packet? The CEM® Commission encourages mentoring of applicants by current CEM®s. If you are a CEM and you'd like to mentor one of us working on our packet, please check out the IAEM Mentoring program. (I could use your help!)
