Survey Respondent Comments Tell the Story!

"The IAEM Certification Program is important to promote emergency management principles thus creating an environment of information sharing, networking and professional development. This bolsters emergency management readiness worldwide."

"The level of professionalism brought about from the IAEM Certification process will lead to better work results in the future. This includes improvements in efficiency and effectiveness, which will likely result in cost savings."

About IAEM

The International Association of Emergency Managers (IAEM), which has more than 5,000 members worldwide, is the preeminent international non-profit organization of emergency management professionals. IAEM represents professionals whose goals are saving lives and protecting property and the environment during emergencies and disasters. Membership is open to anyone practicing or interested in the field.

IAEM dues vary for members in different geographic councils. For membership information and current dues rates, please visit www.iaem.org.

Certification Fee: The current fees are listed on the IAEM website at www.iaem.org/get-certified. The certification fee entitles applicants to:

1. **Sit for the exam twice** (if the applicant does not pass the exam on the first attempt).
2. **Certification application reviewed twice** (if the application is not approved the first time).

The Steps:

1. **Complete** the Certification Enrollment form on the IAEM website: www.iaem.org/get-certified/Certification-Enrollment
2. **Pay** the certification fee.
3. **Complete** the below two steps within one year of each other (order doesn't matter):
 - a. Pass a multiple choice exam
 - b. Obtain approval of your certification application.
4. **Recertification is required** every five years by documenting continuing education and contributions to the profession.

Mentoring: The Certification Commission encourages mentoring of applicants by current CEMs. IAEM offers a searchable list of Featured Mentors at www.iaem.org/get-certified/Find-A-Mentor.

Applicant Guidebook: The Applicant Guidebook is a resource used to accompany the application and is found at www.iaem.org/get-certified/Resources.

Questions: Contact IAEM Headquarters at certificationinfo@iaem.com with any questions.

Levels of Certification

There are two types of certifications offered: the **Associate Emergency Manager (AEM®)** and the **Certified Emergency Manager (CEM®)**

AEM® Requirements

Training

Submissions must be within the last 10 years. 200 contact hours are required; 100 each in emergency management and general management.

Letters of Reference

One signed letter from applicant's current supervisor, plus contact information for two additional references, with the option to provide two additional signed letters of reference if applicant feels it would be helpful to his/her application.

Multiple-Choice Examination

Applicants must pass a multiple-choice examination. The exam is taken electronically and administered by an approved proctor. The examination includes questions that are considered to be universal core content for emergency management regardless of location. Additional content is included based on the applicant's geographic location.

CEM® Requirements

Complete all requirements listed below, including AEM® requirements:

Emergency Management Experience

Three years by date of application submission. Comprehensive experience must include participation in a full-scale exercise, two functional exercises, actual disaster, or a major public event such as a major sporting event, state visit, or special event, and must encompass multiple areas of emergency management (mitigation, preparedness, prevention, response, and recovery).

Contributions to the Profession

Submissions must be within the last 10 years. Six separate contributions are required in areas such as professional membership, conference attendance, service role, leadership role, special assignment, speaking, teaching, course development, publication, audio-visual and interactive products, awards or special recognition, professional certification related to emergency management, or legislative contact. See the Applicant Guidebook for more details on each area.

Education

- **U.S. applicants**—Any four-year baccalaureate degree.
- **Europe & Oceania applicants**—Any baccalaureate degree.
- **Canadian applicants**—Any three or four-year baccalaureate degree or program. Or, any post-graduate degree in EM or related field.
- **Asian, Latin American & International applicants**—Any baccalaureate degree or equivalent thereof, or additional experience may be substituted at two years of full time Emergency Management employment per year of college/university.

More information can be found at www.iaem.org/get-certified.

Disclaimer: IAEM's Associate Emergency Manager (AEM®) and Certified Emergency Manager (CEM®) certifications are not in any manner intended to serve as a warranty, representation, guarantee, or promise with respect to the quality of performance of or procedures utilized by certified emergency managers in their work. The certification program is intended to establish education, training, and experience criteria relevant to emergency management, and to certify that the IAEM-certified individual has met the established criteria. IAEM specifically disclaims any and all liability for any third party claims, actions, causes of action, judgments, liabilities, monetary losses, or injuries or damages to persons or property arising out of or resulting from the services performed by or any errors or omissions on the part of any IAEM Associate Emergency Manager (AEM®) and Certified Emergency Manager (CEM®).
