

IAEM-USA Emerging Technology Caucus

We research, evaluate, and recommend new and innovative technology impacting emergency management processes and disseminate best practices to the broader emergency management community.

Purpose

The Doc Lumpkins Crisis Technology Center (CTC) is a networking lounge and technology lab where Emergency Managers can learn about, interact with, and discuss emerging technology

Crisis Tech Center

2022 CTC Talks
Defining the Future of EM & Tech

Multitasking a Network to Support Disasters

Leveraging Probabilistic Forecast Data

And more!

Committee Efforts
