

IAEM TRAINING & EDUCATION COMMITTEE

PURPOSE STATEMENT

The IAEM-USA Training & Education Committee is charged by the IAEM-USA Board of Directors to analyze the training and educational needs of our profession; participate in the development and improvement of training and education programs to advance emergency management professional standards; work in collaboration with learning institutions, community partners and subject matter experts to develop opportunities for advanced learning and leadership training; and serve as a clearinghouse for information on educational technologies, programs and resources at the local, state and federal levels of emergency management.

JILLIAN RODRIGUE
