

Weather Caucus

Mission Statement of the C/C	Caucus Information	Caucus Accomplishments
To reduce the impact of adverse weather by providing educational and training resources for emergency managers.	➤ Founded in 2014 ➤ Goal is to connect Emergency Managers and Meteorologists ➤ Quarterly Meetings ➤ Membership: Local EMs, national leaders, private sector, researchers, meteorologists, and a mixture of the above!	➤ Created best practices for using outdoor warning (tornado) sirens ➤ Hosted multiple webinars on weather issues for emergency managers ➤ Examined new technologies in the weather industry to evaluate their potential value to EMs.
Leadership of the C/C	Projects/Training by Caucus	Future Goals
Chair Rob Dale: Deputy Emergency Manager and Meteorologist for Ingham County (Michigan) Emergency Management. Co-Chair: James Baugh.	➤ Updating best practices for using outdoor warning (tornado) sirens. ➤ Brought in numerous speakers on the latest weather and social science research to improve alert and warning messaging.	➤ Integration with related professional organizations (NWA) ➤ Addressing issues with heat index vs newer methods ➤ Looking at private sector resources for weather information.
