## 64TH ANNUAL IAEM CONFERENCE AND EMEX

**October 14-19, 2016**

Savannah International Trade & Convention Center • Savannah, GA

# NOW, *more than ever*

## **The AEM®/CEM® Preparatory Course**

### **Course Goal:**

The goal of this course is to introduce emergency management personnel to the Associate Emergency Manager (AEM®)/Certified Emergency Manager (CEM®) program requirements and help them assess their qualification for the credential. It includes:

- Review of Associate Emergency Manager and Certified Emergency Manager program requirements (experience, education, professional contributions and more);
- Application procedures;
- Tips for successful program completion;
- Overview of the AEM®/CEM® exam;
- Standards upon which the exam is based;
- Sample exam questions; and
- A Q&A period.

### **Target Audience:**

- The AEM®/CEM® Preparatory Course is intended for professional emergency managers interested in obtaining the Associate Emergency Manager (AEM®) or Certified Emergency Manager (CEM®) designation.
- A Certified Emergency Manager is an individual who possesses the knowledge, skills and abilities to effectively manage a comprehensive disaster/emergency management program.
- That program can be in, but is not limited to, government, business and industry, military, health care, or educational institutions.

### **AEM®/CEM® Preparatory Course Schedule:**

- **AEM®/CEM® Preparatory Course and Exam**
  - > Sunday, October 16, 2016 at the IAEM USA 64th Annual Conference & EMEX 2016, Savannah, GA
  - > Wednesday, January 11, 2017 at the Utah Emergency Management Association Annual Conference, West Jordan, UT

**Please see details at:  
[www.iaem.com/cem](http://www.iaem.com/cem)  
for full information.**

**9:45AM TO 10:05AM**

**BOOTH #515**

**Chef Minute Meals**

## ***New Product Launch***

**Barry Sendel**

You won't want to miss the unveiling of our unique and innovative new product. This is a one of a kind addition to our self heating product line.

**Tuesday, October 18, 2016**

**12:00PM TO 12:20PM**

## ***Airbnb Disaster Response and Relief***

**Denis Lemeshchenko**

Airbnb's Disaster Response and Relief program is comprised of collaboration, preparedness and response efforts which closely involve our host community as well as global, federal, regional and local partners. In addition to activating the Disaster Tool, which encourages our hosts to open their homes to displaced survivors and deployed response teams, we partner with emergency response organizations to educate our host community on the basics of disaster preparedness. Airbnb's travel voucher program helps deployed organizations find more immediate accommodation options during response efforts, while our messaging efforts keep out of town visitors informed during disasters as a result of our partnership with local emergency managers. Learn more about these and other efforts in our presentation at IAEM Conference.

**Tuesday, October 18, 2016**

**3:45PM TO 4:15PM**

**BOOTH #626**

**ORAU**

## ***Continuous Improvement Through the Evaluation, Lessons Learned & Corrective Action System (ELLCAS)***

**Doug Lyons, ELLCAS Chief Technology Officer**

Meet the team behind ELLCAS, ORAU's proprietary Evaluation, Lessons Learned and Corrective Action System, and see how we can help your organization improve your exercise or operations using our technology solution. ELLCAS can help you collect your results and shorten the length of time needed to produce actionable information after an event. The presentation will include a demonstration of the system and a description of why—and how—ELLCAS can benefit you. ELLCAS' Chief Technology Officer Doug Lyons will be at EMEX and able to provide a personalized presentation at your convenience.

**Wednesday, October 19, 2016**

**9:15AM TO 9:35AM**

## **DEPLOYED RESOURCES** **Deployed Resources, LLC**

### ***Introducing the Commodity Points of Distribution APP***

dgervais@dorosecurity.com

The EVACU B is the only evacuation device which permits ONE nurse to evacuate SIX babies. It rolls down the hall and down the stairs on a set of tracks. The track has a reverse brake that will stop the EVACU B on the stairs. The apron is made of mildew and fire retardant material, and the head rests are made from high density hypoallergenic material. ## Plan Now to Participate in a Future IAEM Think Tank

IAEM Think Tanks engage the Whole Community in live discussions on topics in the field of emergency management. Moderated by the Honorable Rich Serino, former FEMA Deputy Administrator, Think Tank events provide speakers with experience in a current event or knowledgeable of a particular application. Think Tanks are the combination of a traditional webinar with a radio talk show with call in questions. Participants may tweet questions or post questions on Go to Webinar.
