

Areas of Expertise Represented by the Certification Commission

Governmental and Tribal	Professionals employed by local, state, tribal and federal emergency management programs.
Private Sector*	Emergency managers for for-profit organizations. <i>*Note: the expertise of those serving in a consulting capacity is classified according to the type of entity to which they deliver their services (governmental, private, etc.).</i>
Military	Professionals in emergency management programs for all uniformed services branches including Army, Marine Corps, Navy, Air Force, Coast Guard, Army Corps of Engineers and Public Health Service.
Not for profit	Professionals providing or supporting emergency services in the not-for-profit sector such as American Red Cross, Salvation Army, America's Harvest, Save the Children, faith-based groups and others.
Campus	Professionals responsible for emergency management programs at an educational institution such as a university or college.
Academia	Educators specializing in emergency management.
Healthcare	Professionals responsible for emergency management programs in medical institutions.
